

Recycling Benefits of Shredding

Protecting confidential information is only the first benefit of paper shredding...
When you have **Shred Instead** shred your documents,
the paper is recycled that very same day!!

Every Ton of Recycled Paper Saves:

17	Mature Trees
7,000	Gallons of Water
3.3	Cubic Yards of Land Fill Space
380	Gallons of Oil

Enough Electricity to power the Average American home for 6 Months (EPA)

What is the recycled paper used for?

News Print	1.5%
Print-Writing	7.4%
Recycled Paperboard	13.5%
Tissue Paper	19.3%
Other	6.1%
Net-Exports	52.1%

www.paperrecycles.org

In 2013 Shred Instead Recycled the following:

1,134,102	Pounds of Paper
9,640	Mature Trees
3,969,357	Gallons of Water
1,701	Cubic Yards of Landfill Space
47,632	Gallons of Oil

Every Pound Counts and thank you for choosing Shred Instead!
